Pres. McCarter To Retire From Board

Will Not Be Candidate For Re-election

C. Howard McCarter, president of the Narberth School Board, will retire from the board at the end of the year. He has requested "Our Town" to state that he will not be a candidate for re-election when his present term expires this year.

Mr. McCarter has been a member of the school board for more than a quorter century and for a large part of that time has served as president. He has given the borough in this capacity an amount of personal time, energy and service that is probably unequalled in the annals of Narberth.

Sometimes misunderstood and the object of hectic criticism, Mr. McCarter has calmly pursued the course which his long experience and personal judgment indicated to be for the best interests of the schools. He has witnessed and to a large degree personally influenced the entire development of the Narberth school systm to its present improved standing and efficiency.

The term of Jesse S. Harris as a member of the school board also expires this year. School board members are elected to serve for six years. Mr. Harris has been filling the unexpired term of Henry Rose, who resigned.

The four-year term of the burgess, Carl B. Metzger, expires this year and the present incumbent is ineligible to succeed himself.

Members of the Borough Council whose terms will expire this year are: President W. R. D. Hall, Councilmen Hugh W. Brown, Daniel Leitch and Walton M. Wentz.

The tax collector also comes up for election this year. There has been much discussion of this office during the past year and the names of three probable candidates, exclusive of the present incumbent, have frequently been mentioned.

Primary election for the nomination of candidates for these and other offices will be held on September 15. Nomination papers for candidates for the primary may be obtained and, when the requisite number of signatures have been procured, must be filed with the County Commissioners any time between July 9 and August 18, inclusive.

Winners Announced.

Announcement was made this week of the winners of the various prizes offered in the recent campaign to secure funds for the baseball team. The donors, articles and winners are:

Narberth Carpet Company, a rug —Ed. Gilfillan.

Our Town—Subscription one year—John C. Nash.

Narberth Coal Company, Bag of Bone Meal—J. J. Cabrey.

Fathers' Association Meeting.

The next meeting of the Fathers' Association will be held at the Scout House Wednesday evening, June 3, 1925. The father of every Boy Scout in Narberth should be present as well as any other father. The future of the Boy Scouts as related to the proposed combination building on the playground is to be discussed and an expression of opinion is desired after hearing the experience of the Scout movement under similar conditions elsewhere.

Dedicate Lutheran Church Building

Ceremonies Continued All This Week

The dedication of the new Lutheran Church, in Narberth, is now a matter of history; this stupendous undertaking has been carried through to the finish and the completed building stands upon the hill for lovers of the beautiful to behold with joy. On Sunday, the 24th of May, it was with a quiet, but beautiful ceremony, set apart to the worship service of Almighty God.

The day began with a morning worship, in which the Rev. Dr. J. A. Singmaster, of Gettysburg Theological Seminary, preached the sermon. It was a masterly deliverance and was listened to intently by a large and appreciative audience. The choir sang with finest execution a most beautiful and appropriate anthem: "Open the Gates of the Temple."

In the afternoon, at 3 o'clock, in spite of the threatening weather, a large concourse of people assembled, filling the auditorium to its utmost capacity.

The Invocation was by Rev. A. C. Kanzinger, of Ardmore. An an-

GIRL SCOUTS

Hold Successful Mother and Daughter Luncheon.

Last Saturday the Narberth Girl Scouts entertained their mothers at their second annual mothers and daughters luncheon. There were about 115 present. The luncheon was held in the Y. M. C. A. building and although the day was very warm and the crowd very large the interesting and inspiring program (not to mention the delicious eats) kept everyone's mind on something besides the heat.

There were reports of the year's work. Second Lieutenant Cynthia Metzger gave a very complete report of the accomplishments of the past year. Captain Nash presented seven gold stars to seven Scouts who have not missed a single meeting this year. These were Alice Maguire, Helen Butler, Catherine Irwin, Betty, Jones, Beulah Chalfant, Kathryn Jane Miller and Evelyn Jeffries. The following Scouts missed one meeting and received silver stars: Eleanor Rowley, Emily Scott, Helen Louise Thomas, Cora Messec, Virginia Eyre, Mary Ferguson and Rosalie Mellor.

Mrs. V. Zelov, a member of the Main Line Council, spoke to the mothers and girls.

After the luncheon the girls gave their mothers a small demonstration of some of the things they have learned in Scouting and it is most interesting to see and know that they spend their recreation time in something really instructive.

Just before the close of the work the Fairy Godmother of the Narberth girls arrived. She truly is just that and the mothers are beginning to understand just why the girls are all so crazy about Mrs. Carroll B. Nichols. She is the one council member particularly interested in the welfare of the Narberth troop and everyone in the troop gives a cheer when she arrives.

Scoutmaster Cooke Resigns His Job

Will Continue to Aid in Local Troop Work

On Tuesday, May 19th, Arthur L. Cooke addressed a letter to the Troop Committee as follows: "Kindly accept my resignation as Scoutmaster of Boy Scout Troop, No. 1, of Narberth. I find that it is impossible for me to give the time to studying and teaching Scout work which it is necessary for a good Scoutmaster to give. Knowing that you have three or four able assistant Scoutmasters to carry on the work I wish to have this take effect immediately.

"I wish to thank the Troop Committee for their hearty cooperation and the many things they have done to make scouting pleasant for the Troop and myself. Sincerely, Arthur L. Cooke."

The Troop Committe have replied as follows: "Dear Mr. Cooke: It is with great regret that your letter of the 19th has been received indicating your inability to continue as Scoutmaster of Troop No. 1, of Narberth.

The committee thoroughly realizes the amount of time and labor that is involved in acting as Scoutmaster for so large an organization as we now have, and thoroughly appreciates the immense amount of effort you have made and the gratifying results obtained while you were in charge.

In accepting your resignation the committee does so with a deep sense of obligation on their part and the boys to you, and does so only to comply with your own personal request.

Sincerely yours,
William C. Claghorn, Chairman.
Arthur N. Edrop,
Jesse S. Harris,
F. A. Lanahan,
E. K. Monington,
F. T. Van Auken,
Edwin T. Wolf.

Mr. Cooke has informed the edifor that he will still assist in the work of the Scouts, having agreed to be of service to Assistant Scoutmaster Jenkins at Tuesday night troop meetings.

To Navy Yard.

On Saturday 43 Scouts under the leadership of Lieutenant Commander F. T. VanAuken, U. S. N., assisted by the secretary of the Troop Committee, gave the Navy Yard the once over. Through the courtesy of Commander Davies, second in command of the naval aircraft factory, the boys saw the manufactruing processes from A to Z, ending up by flying all the types of aircraft in the big hangar. True the ships did not leave the ground but the boys manipulated the control stick and made the wings dip and the rudder move from side to side and climbed in and out of the pilot's and observer's seats at will. One radio set combination transmitter and receiver caught the eye of some of the boys mounted compactly in the dashboard of the Scout plane. No wonder it cost over $1000.

Then the Scout Crupiser Huntington was visited and the boys manipulated the vessel even though she was at anchor. One fellow getting anxious about the eats could not resist the temptation to ring the huge gong. How-

Orchestra Reaches New Heights

Narberth Boy Soloist at Successful Concert

Amateur music reached new heights of proficiency last Sunday afternoon, when the Main Line Orchestra presented its last program of the year in the Ardmore Theatre.

Not only did the playing show the results of growing familiarity with ensemble work, but Mr. Vogel's selection of numbers was made with a considerable regard for the capabilities and limitations of his musicians.

"Pique Dame," an old favorite, by Suppe, opened the concert. It was played in a brisk and spirited fashion, well suited to its character. Music lovers, used to the playing of great orchestras, commented on the accuracy of tone and clear-cut following of the baton of the conductor.

The Main Line was called upon to furnish the composer of the second number, "Prelude and Double Fugue in D," written by Mr. J. Murray Barbour of Haverford. It is a number of some technical difficulty, testing the powers of an orchestra of 50 amatuer players.

A Narberth lad, Fred Fletcher Patten, was soloist of the day. Although but 13 years of age, he has attained to a remarkable point of proficiency with the violin. The numbers selected were the Romance from the Second Violin Concerto of Wieniawski and Van Goens' "Scherzo." Both these numbers were played with a precision and depth of tone which augurs well for the boy's future as a violinist of renown. There was little of emotion in the playing, which, perhaps is best, for it often is present at the expense of accuracy.

Both numbers were with or-

KING'S DAUGHTERS

Over 200 Attend Annual Convention Here.

The State convention of the King's Daughters which was held in the Baptist Church last week was a success in every way.

There were over 200 delegates who attended besides the New York State president, Mrs. M. W. Leibert; the president of the International Order of the King's Daughters and Sons, Mrs. G. H. Pryor, and a large number of visitors from adjacent towns and Narberth.

Mrs. Fred Derby presided in her usual happy way, and Mrs. W. J. Jones welcomed the delegates. Mrs. W. J. McCullough responded to the address of welcome.

Mrs. Leibert, ot New York, and Mrs. Pryor, Connecticut, made very instructive and entertaining addresses at two of the sessions.

An interesting pageant was given by members of the Friendship, Helping Hand and St. Paul's Junior Circles of Philadelphia.

A quartet from the First African Baptist Church of Philadelphia rendered some beautiful spirituals, which were greatly appreciated.

The rarely beautiful voice of Mrs. Elma Lowe Hutchins was heard in two solos, which were certainly an inspiration.

Mrs. Fred Derby was re-elected State president.

Mrs. W. J. McCullough, Washington, Pa., was elected vice president.

Miss M. Irene Boyer, Pottstown, was re-eltced secretary and Miss L. H. Wagner, Allentown, was re-elected treasurer.

Much of the success of the convention was due to the co-operation and generosity of the townspeople.

The Baptist Church was ideal for such an assemblage and the untiring courtesy of Miss Mazie Simpson, Miss Laura Hopper and Miss Edna Super added much to the comfort and pleasure of the guests.

The Girl Scouts and the Boy Scouts rendered most cheerfully and efficiently the task of guides to the strangers in our midst.

One of the delegates was heard to remark: "This is the happiest and most enthusiastic conventions I ever attended."

The members of the Evangel Circle are most grateful to all who in any way helped to make this convention a grand success.

Board Elects Five Teachers

Commencement Date Will Be June 18th

The teaching staff for next year in the Narberth Junior High and Elementary schools was nearly completed by the School Board at their regular meeting, Monday night. The following new teachers were elected:

Miss Frances B. Fricke will be supervisor of music, to succeed Miss Speakman, who has resigned. Miss Fricke is a graduate of Columbia and took post-graduate work at the Philadelphia Conservatory of Music. She has taught in the Swarthmore public schools and Winthrop College, N. C., and has been with the Swarthmore Chautauqua.

Miss Catharine Chapman will teach English in the Junior High She is a graduate of Wellesley and has taught for three years in the Camden, N. J. schools.

Miss Gertrude Yarnall will teach mathematics in the Junior High School. She is a graduate of Swarthmore and has taught in Milford, Del., and Ogontz, Pa.

Miss Margaret S. Weidner will be a sixth-grade teacher. She graduated from West Chester State Normal School and has taught three years in Jenkintown.

Miss M. Louise MacMorran will teach in the third grade. She also is a graduate of West Chester, and for two years has taught in Darby.

In addition to these five regular teachers a successor was chosen to Mrs. Adelaide M. Crater, whose resignation becomes effective on September first. Mrs. Crater has been secretary of the schools for six years and her efficiency will make her loss felt. She is leaving the schools to be married.

Her successor will be Miss Frances B. de Cou, who will also teach commercial subjects. Miss de Cou is a graduate of Penn and of the Peirce Business School, and has been employed by the White-Williams Foundation and the Philadelphia schools.

It is planned to employ another male instructor in the Junior High School. He will be chosen later.

The Junior High commencement will be at 4.00 P. M. on June 18. School will close on Friday, the 19th to reopen on Tuesday, September 8th.

GARDEN DAY—SATURDAY

Memorial Day Flower Show the Big Feature.

Burning hot weather one day and almost freezing cold the next day but the hardy perennials of the garden are right on schedule, at their best for Memorial Day.

In ordinary seasons the first week in June would be the time, but 1925 is just a week early and the flowers are all here together—Bush roses, climbing roses, peonies galore, early delphiniums, late irises, late columbines and pyrethrum, sweet willia mand poppies. The flowering shrubs are blooming in our gardens and in the nurseries and they will all be at Elm Hall, Saturday afternoon and evening.

Cut flowers and flowering plants from the nurseries, garden furniture and bird houses and everything of importance and incidental to the garden.

A garden education in itself—as a flower show should be, not to be missed as it will be a whole year before the season offers a galaxy of beauty again.

Are you an exhibitor? That rose or that shrub from your garden might win a blue ribbon and it is the few flowers from each garden that makes the show.

Have the youngsters read the list of prizes and encourage them to bring their basket or vase of flowers from the garden. The prizes are surely worth while. See classes No. 37 and No. 38.

The judges are coming from out of town and will be on hand at 1 o'clock, so have your flowers over early—between 11.30 and 12.30 is the best time.

The show will be open from 3 to 5 in the afternoon and from 7 to 9 in the evening.

The classes, rules and prizes are reprinted in this issue.

$110,000 Contract is Awarded

Good Roads Company To Build Streets

Good Roads Company, Inc., of 1504 Locust street, was awarded the paving and sewer contracts at the adjourned meeting of Council last Monday evening. The Good Roads people were the lowest of 10 bidders on the paving work and the lowest of 12 on the sewer work. They were awarded the paving job at $92,077.81, and the sewer job at $12,867.

Other bidders on the paving contract and their bids were as follows: Benjamin Foster Company, $94,021.59; F. Guy Meyers Company, $96,635.45; R. H. Johnson Company, $98,260.56; Neely Bros. & Russell, $101,622.50; Knox-Mariani Company, $101,855.22; W. R. Wolfinger, $102,472.89; Monahan & Hall, $104,876; Dunleavy Bros., $110,442.65 and Haydock, Martin Company, $115,302.57.

President Hall and Councilman Brown were absent and Councilman Wentz was elected temporary chairman. Early in the meeting the Burgess raised the question as to why a contract bid from the Union Paving Company had not been given consideration. It was explained that this bid did not conform to the advertised specifications and in the opinion of the Borough Engineers was not acceptable nor eligible for consideration. A long discussion ensued, after which it was unanimously decided to follow the recommendation of the Highway Committee and accept the lowest legitimate bid.

A representative of the American Legion appeared before the meeting to request an appropriation of $100 to help defray the expenses of observing Memorial Day. After careful discussion it was decided that the present state of the borough finances would not permit this appropriation and that the Legion should be recommended to raise the money by public subscription.

A communication was received from the Narberth Community Library Association placing on record with Council its formal acceptance of the new quarters which are proposed for it on the playground by the trustees of the Y. M. C. A. fund. There was an informal discussion of this project.

Councilman Wentz brought up the subject of the large willow trees on Conway avenue which caused frequent trouble by the tendency of the roots to grow into the sewer mains and block them up. It was Mr. Wentz's opinion that these trees should be removed during the proposed improvement of that street. Mr. Leitch wanted to know if it would not be possible to lay iron pipe for the sewer and to save the trees. Discussion brought out that the cost of iron pipes was very high. It was decided to defer this matter to the Shade Tree Commission, with instructions to report on it at the next meeting of Council.

Annual Luncheon.

The Dr. Benjamin Rush Chapter, Daughters of the American Revolution, will hold their annual luncheon at the Rittenhouse Hotel, Saturday, June 6, at 1 o'clock.

Bake Sale.

The Rose Glen Canoe Club will hold a bake sale on Saturday, June 13, at Dando's Store.

RIVALS TO CLASH

Rivals will clash Saturday afternoon on the Cynwyd School field, when the Bala-Cynwyd and Narberth baseball teams will meet in a Memorial Day game—rival managers and rival teams.

Feeling between Cynwyd and Narberth in baseball has always been high. But in addition to this, Fred Walzer, who managed Narberth last season, will lead Cynwyd on the field Saturday. He will match managertorial wits with Bill Crowell, noted football official, who succeeded him as pilot of the Narbites this year.

Indications are that the day will be a "Memorial Day" in more ways than one. The game will be called at 3.30 P. M.

CONCERNING DOGS

To the Editor of "Our Town":

The dog situation in the borough of Narberth is becoming intolerable. I have never seen so many apparently homeless dogs. Not homeless in its true sense, as some of our most prominent citizens who own these dogs only allow them home at night to watch the home. They eat abroad and roam over the borough at will, destroying flower gardens and frightening children and adults.

My understanding is that these dogs are supposed to be muzzled, only a supposition, as far as their owners are concerned.

Changing the subject. Did anyone see the conditions last Sunday afternoon around Hampden and Windsor avenues. Ask the pastor of the Baptist Church how he navigated the avenue around 7.30 P. M.

SUGGESTIONS FROM A FAN

To the Editor of Our Town:.

As a reminder to the boys on our baseball team it would be well for the welfare physically of those who patronize the team for them to use some of their surplus energy and put up a safeguard that is a safeguard.

The wire fence back of the catcher's box is only a makeshift and I am very much afraid someone is going to be seriously injured unless corrections are made.

The screen in front of the bleachers is another example of poor workmanship.

I was over Wednesday evening last to see the game and directly in front of me was a seat erected to hold about 12 people. About the eighth inning the seat collapsed carrying everyone to the ground. No one was hurt, but it looks bad. Why let the place rot?

No doubt the readers will think the writer a grouch, but I am only a spokesman for others who agree with my thought.

Go ahead and do something to make the place habitable, win or lose, in your games as long as you play clean ball we'll be down.

GEORGE D. GROVER,

NEW CHURCH DEDICATED

(Continued from the First Page)

them: "Let Them Lead Me," was sung by the choir.

Prayer was offered by Rev. Paul Wagner, of the city. A solo: "Heavenly Love," was sung by Jean Helm Allan.

The sermon was preached by Rev. J. Chantry Hoffman, D. D., secretary of the Board of Home Missions of the Lutheran Church, it was a powerful discourse leading up to the remaining portion of the exercises. An offering was received and happily, it was large and generous in response to the earnest appeals for funds to meet the demands upon the congregation at this time. The dedicatory services were brief, but beautiful and impressive, in which the pastor, assisted by the ministers, with responses by the congregation, gave the building to that God over all, who so wonderfully blessed the people and led them up to this splendid victory.

Following this, was a solo: "Come Unto Me," in sweetest tones, most touching and impressive manner, by Mrs. Florence Woerner Bailey, of Narberth. The services closed with Doxology and Benediction.

In the evening the address was delivered by Dr. S. D. Daugherty, Superintendent of Missions for the East Pennsylvania Synod of the Lutheran Church.

It was given in a most forceful and compelling manner. Dr. Daugherty is well known in Narberth as the organizer of this congregation and a strong supporter of it.

Mr. William Koch, Jr., of Narberth, a singer in the city, sang a solo in his usual forceful manner, and Melvin Buchanan, a delightful violinist, played "Largo," most agreeably to all.

Thus ended the services of the day, a day to be long remembered as having given to the Narberth Lutherans a beautiful house of worship—the glorious result of their years of faithful labors, gifts and prayers.

ELECTRIC LIGHT IN JAPAN

What nation uses most electric lighting in its homes? It is something of a shock to Americans to learn that it is the Japanese. In the United States 39,000,000 people live in homes lighted by electricity and in Japan only 23,000,000; but in proportion to population the Japanese are ahead of us. There are 59 per cent. of them using electric lights, and only 57 per cent. of us. The Germans, next in order, lag far behind.

This is a good thing to remember, in a country which regards the use of electricity in any form, especially in the form of light, as a symbol of human progress, says the Reading Tribune. The electric light originated in America. It was first developed industrially here. Yet Japan has taken up this advanced idea, like many others, and gone ahead of her Western competitors.

Miss Constance Wells, of New York, is spending two months, as the guest of Mr. and Mrs. Harvey B. Austin, of Essex avenue. Miss Wells will sail in July for an extended tour of Europe.

The Misses Margaret and Katharine Eckbert entertained Mrs. Margaret B. Baker, of Baltimore, last week-end.

Judge W. M. Maurer, Attorney General of Oklahoma, was the guest this week of Mr. and Mrs. J. C. Graham, of Merion avenue.

The Man Who Loves a Garden.

The man who loves a garden
Will never break his heart,
Will never have it harden,
Nor stand from life apart.
Oh, if you love a garden
You'll have a love more true
Than ever friend or book can lend—
A garden's love for you!
The man who loves a garden
Despair can never know.
The man who loves a garden
And helps it thrive and grow.
He'll never lack these treasures:
Peace and contentment true.
The man who loves a garden—
I hope that he is you!
—Mary Caroline Davies in The Farm Journal.

The woman or girl who loves a garden will also find that while the garden is not everything in life it does add very much to the fullness of life. The same interest in nature, which is the very basis of the garden, is an interest that is bound to help make a not only fuller life but a better life—one that is constructive, healthful, character building—in that it teaches patience, optimism and joy of constructive labor.

People who choose the suburbs in which to make their homes must be impelled by a sense of appreciation of nature, yet it does seem at times that a great many expect nature to make a beautiful country, or a beautiful community, unassisted.

Beautiful trees and well-kept green lawns are the first necessities for the setting of a home, or in fact, any building that pretends to be a real piece of artistic composition, but if all our homes stopped with the trees and lawns the passing of the seasons would be but a dreary procession.

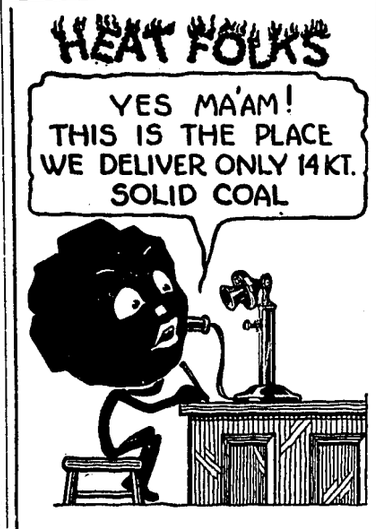
The garden is the answer, of course, and there are many ways of gardening, but no matter what kind you choose the pleasure is there just the same.

Early June gives us the burst of summer flowers, columbines, poppies, the last of the irises, peonies, roses, pyrethrums and other hardy plants that are the mainstay of the garden.

Then let us learn more about them. If we know a lot there is a lot more to be learned by visiting other gardens. Progress is the watchword of the gardner and plantsman, a pleasurable road without end.

If we know but little about the things from the garden then let us go where we can see the flowers and meet those who know them, to the flower shows.

The Pennsylvania Horticultural Society will stage a Spring Flower Show combined with the National Peony Show of the American Peony Society in Memorial Hall, Fairmount Park on Saturday, June 6, and Sunday, June 7. All flowers shown will be garden grown.



Somebody's ordering some pleasure-packed coal. Somebody's stealing a march on winter. Somebody's awake at the switch—and we hope it's you. Happy is the man who sees the Heat Folks tucked away in his bin before September wanes. If you value your comfort and peace-of-mind now is the time to invite the Heat Folks into your cellar. If you want to measure the wisdom of a man, take a peek at his coal bin before October.

Why Are the Finest Residences
invariably roofed with
SLATE?

Answer—

It is fireproof.
It is the best-known material.
It is the original roofing.
It harmonizes with any kind of Architecture.
It is made in many grades to suit any pocketbook.
It lasts for centuries.

These are only a few of the reasons. Please ask for the rest.

Has Your Telephone Been Ringing This Week?

Surely it has, for we have been calling you about your winter's coal supply.
We hope our calls will have results, for then they will save your calls to us this fall, which, alas! may be denied results.
The rumor of a severe strike grows louder, and we want you to be among those who will live through a period of coal famine unconcerned.
To achieve this—order now. We will deliver to suit your convenience, up to the 1st of July, at April prices.

GROCERIES—MEAT—VEGETABLES

Cash Only—No Delivery

Quality seems to be the keynote of all grocery ads.—even the various chains of grocery and meat stores use it. The consumer has a hard time judging after all this "Quality" talk, but they must think as they read and be able to eliminate the hot air.

I believe you can soon realize the difference between "Quality Talk" and "Quality Products" if you eat of our Meats and Groceries.
Prairie Rose Butter comes from the Middle West—to be exact, from Kansas—and we don't know of any better butter from the place where they know how to make good butter—always uniform, no questions about its quality or purity—52c lb.

Our Eggs are from one locality—Gap, Lancaster county. You get them as soon after they are layed as modern methods can get them to us. You can appreciate your breakfast if you buy our Eggs, 39c doz.
Our Coffee House informs us the Coffee they are shipping now is a trifle better than the previous shipments. They feel we should ask more money for this grade to be in line with even the lowest-priced stores, but our policy is to try to give you better for less money. 42c lb.

LOWER MERION HIGH NEWS

Measure for Development.

Measurements as to the development of students in height, muscle and chest expansion were taken by the physical directors, Miss MacGowan and Mr. Gregson, during gym periods last week. The number of pounds gained in weight also is a deciding factor as well as the individual student's activities in scholastic athletics in the awarding of the cups given annually, one to the girl and one to the boy having shown the greatest physical development during the scholastic year. The trophies of last season were won by Miss Helen Marshall and Folwell Scull and were presented at the commencement exercises.

The annual scholarship is now the subject of much discussion as to the winner. Applicants for this scholarship must fill out data blanks and return the same to the committee on scholarship fund. This being the season of scholarship competition many senior students at the high school are filling blanks, taking tests and other requirements in hopes of winning one of the many scholarships.

Interclass Meet.

An interclass track meet is to be staged on Monday afternoon, June 1, at 3.30 sharp. Cups are to be awarded to the high point scorers of the Senior, Junior and Sophomore Classes.

First place winners of events in the recent Sophomore Class meet were presented medals in assembly on Tuesday morning. An unexpected and surprising wealth of material turned out and prospects for future track teams are not quite so dull. The medal winners were: Gibson, winner of the high jump, 100-yard dash and discus; Ryan, winner of pole vault, broad jump and shot put; Nelson, winner of 440 dash and 220 low hurdles; Lockwood, winner of 220 dash; Zeperlen, winner of javelin, and Eelin, winner of 880.

Nine Suffers Reversal.

May 22 the baseball team suffered an unexpected defeat at the hands of Lansdowne by a score of 10 to 6. The red and gray machine getting an early jump on the Ardmoreites held the lead easily throughout the game.

However, the baseball team may be down but never out. On May 26, at home, the Merionites socked the strong Chester aggregation in a closely contested game, 3 to 2. Chester, who is at the top of the Suburban Class A League, was the heavy favorite, but the Fowlerites, with classy teamwork and support, nabbed the lead in the first inning keeping it throughout the nine innings. Ruddick and Fuller, Merion twirlers, pitched stellar ball in holding the shipworkers to a low score. The win over Chester gives the locals a chance in tying for first place in the Suburban League if they should win over Norristown.

Net Men Win Finals.

The tennis team ended its scheduled season with a successful round of matches by a whitewash triumph over Haverford School to the tune of 5 to 0. Throughout the year Wanamaker and Custer weilded stellar racquets for the Merion men and greatly responsible for the showing of the Maroon and White racqueteers. Bevan and Reinhold also played well, while Sellers and Hamilton shared also in the making of the team. The following men will probably receive letters, having completed the necessary number of games: Wanamaker, Custer, Reinhold, Sellers and Hamilton.

Hi-Y Convention.

The Hi-Y conference and convention held on Saturday morning and afternoon at the Central Y. M. C. A. turned out a huge success and benefactor to the Lower Merion Chapter. The program opened with talks by presidents of various Hi-Y chapters and afterwards the election of Philadelphia district officers. Lower Merion placed two men in the election, Harris Fort, vice president, and Ivan Gould, secretary.

An old New York farmer attended a big picnic at Binghamton and stayed over to watch the dancing at nite. He hadn't been out in the world much, and he was deeply impresst with the girls' clothes at that dance.

"Some of the ladies' clothes I see here," he said, "plumb puts me in mind of a barb-wire fence."

Somebody askt him why.

"Well," said he, "It's this way—they appear to protect the property without obstructin' the view."

NEW POLO TOURNEY AT COUNTRY CLUB

Intercircuit Championship Will Be Staged on Bala Oval.

The picturesque Bala Oval, where many national and international polo games have been played, will soon be the scene of the Intracircuit Championship. This competition is a new event on the polo program and promises to become one of the most popular fixtures of future seasons.

It will bring to the Philadelphia Country Club, which has been selected as the site for the Southeastern circuit tournament, teams representing seven different sections of the country. The Philadelphia Country Club will enter for this section a team qualified to meet these representatives on Saturday, June 6.

In seven other circuits elimination contests are being played, and the winners of each section will come together at Bala in September to settle the national supremacy. Already the Fort Bliss team, a military combination from El Paso, Tex., has qualified by winning the tournament in the Southwestern circuit, and the San Mateo team, from California, has earned a place in the national championship tournament by defeating its many rivals in the Pacific Coast circuit event.

The New England teams will compete next month, and combinations also will qualify from the Rocky Mountain, Central, Eastern and Southern circuits.

The intercircuit contests are limited to teams of 12 goals handicap, allowing every club in the United States Polo Association to put a representative team in the competition, standing equal chance with the representatives from other sections of the country.

Just what team will seek the supremacy of the Southeastern circuit is still a question, as entries will not close until the end of this month, but it is probable that at least three teams will enter from Philadelphia with Bryn Mawr, Philadelphia Country Club and the City Cavalry, all members of the Southeastern circuit.

Rumson Country Club is another likely entry, while Pennsylvania Military College, Penllyn, Fauquier County Country Club, Fort Hoyle, Fort Humphreys, Fort Myer and Washington, D. C., are other teams eligible

Fence Posts That Last

Concrete fence posts need no paint or repairs; they cannot rot, but grow stronger with age. They present a neater, more efficient appearance and hold the wires securely—forming a safe enclosure for field or yard. They can be made indoors during the winter and set up in the spring.

If you make them yourself your building material dealer can give you an Atlas book that tells you how—or he can direct you to a concrete products plant where you can buy them ready made.

Of course, you will want to be sure your concrete is made with Atlas Portland Cement.

2% OF THE EQUIPMENT

YOUR telephone contains more than 200 separate parts.

But it represents merely 2 per cent. of the equipment required in completing a call.

At the central office the operator—and on certain types of calls two or more are required—finds twenty-five things to be done in setting up and supervising the connection.

The equipment she brings into action, exclusively for each call, numbers 600 additional parts, aside from the two telephone instruments through which the caller and the called are brought "face to face."

These 600 parts are largely interdependent in their operation. None can go wrong without affecting the quality of the service. And they, just as the component parts of the telephone instrument itself, are responsive to the clear enunciation, in a moderate and even tone, of words spoken directly into the mouthpiece of the transmitter.

The maintenance of this unseen switching mechanism, subject to call on a moment's notice from any Bell telephone to nearly a million other destinations in Pennsylvania, is one of the most important functions of our Plant Department force of 7,200 men and women.

COTTER'S MARKET

LACK OF INITIATIVE, that form of business static which makes a merchant a follower instead of a leader, will take from him much of the recompense, the pleasure and the impetus of individual accomplishment, and may only be corrected by putting into practice some of the "fool" ideas conceived and proven sound that need only to be "worked" to work. Should we and you as customers and merchants endeavor as arduously and determinately to clear up static in our business as the radio students are to eliminate atmospheric static, a big stride forward might be made in increased mutually profitable business relations between a much larger number of customers and ourselves, due to a clearer realization of our satisfactory and economical business methods and to the value of a reliable store in these days of the "interfering" competition of the chain store system.

LOCAL YOUTHS FEEL THE AQUATIC URGE

Narberth Canoe Club Again Active.

Once more Old Sol has begun his work of warming up the dancing wavelets of the Schuylkill and the Rose Glen Club of enthusiastic canoeists and swimmers are right on the job to enjoy another full season on the water. Already a new 20-foot dock has been constructed to replace the floating anchorage of last season, which was swept away in the flood of last February and is probably now reposing gracefully in some one's back yard down at East Falls.

The white stone clubhouse has been newly whitewashed and trimmed in green on the outside, while the interior has been calsomined and varnished in a real shipshape manner. Plans are under way for a spring regatta when the club's fleet of eight Old Towns will ascend the river in a body to Lafayette Island by way of celebration. A lawn party and strawberry festival is in progress on Caldwell's lawn, to which the public will be invited. On Saturday, June 6th, the club will hold its annual bake sale at Dando's, where an especially choice array of home-made goodies may be had by purchase or order.

At a recent election the club chose the following to carry on the summer program:

Commodore, John McNevin.

Quartermaster, Henry A. Smith.

Chief Petty Officer, James Hutchinson.

Purser, Frank Hutchinson.

All of the fifteen members are residents of the borough, who organized last year and purchased the property from the old Rose Glen Canoe Club, some of whose members are still in Narberth and Cynwyd, and who built the club themselves back in 1909, when Gladwynne Station on the river was called Rose Glen, hence the name of the club.

The place makes an ideal week-end outing headquarters and each member, together with friends and relatives enjoy the healthful pleasures of aquatic sport to be obtained there.

Another Animal Story.

It was at the dog show and a young lady was examining the dachshund, to which she had taken a fancy. She turned to the owner who was trying to sell the dog, and said: "Cute little thing, isn't he?" But before I buy him, tell me, is there anything the matter with him?"

The owner hesitated a moment, and then answered: "Well, ma'am, I'll tell you. He's really got two flaws."

"Dear me!" said the young lady in a surprised voice, "two floahs! Why, he looks more like a bungalow."

Library Occupies Larger and More Adequate Quarters.

Through the courtesy of the Women's Community Club, who are lesees of the former Y. M. C. A. community rooms, the Library was enabled this month to move into the old gymnasium, which in size, wall spaces and light makes an almost ideal library room. The moving of 4000 books and the corresponding shelves and bookcases presented a serious physical problem which was greatly relieved by Mr. R. G. Aungst, who volunteered a whole day's work one Saturday.

On the following Monday the entire staff gathered at the Library early in the morning and as a result of Mr. Aungst's labors they found all of the cases securely in place and all of the heavy pieces of furniture already moved. It required much hustling by the staff to get all of the books properly arranged on the shelves and ready for the Library to carry on its normal activities at 3 P. M., which is the regular opening time. Everything was completed, however, excepting the moving of the reference department from the balcony in the lobby to the balcony in the gymnasium. This was accomplished later in the week by the Reference Librarian, Mrs. James Donnelly, and her assistant, Mrs. Clifford Bates.

The larger floor space made it immediately apparent that two large-sized reading tables were needed, and an appeal for them was printed in this column. The response was immediate and came in the form of two entirely serviceable dining room tables from Mrs. Raymond Jones and Mrs. R. G. Aungst. In addition, much-needed shelves were contributed by Mrs. Robert J. Nash. Benches for the children's department have been bought and are now being painted and decorated by Mrs. Harvey Harman and Miss Marjorie Cowin.

SCOUTMASTER COOKE RESIGNS HIS JOB

ever, before eating the entire crowd climbed down the scuttle of the submarine O 26 and inspected the wonderful instruments, engines, torpedo tubes and the entire inside of these terrors of the sea. The boys then had to eat, and while eating voted the trip well worth while. The Souts were Clyde Jones, McCartan, Bob Young, Butler, Reger, Purring, Burns, Ed and Gordon Wolf, Casey, McKelvey, Parks, Art and William Bailey, Ed and Nick Fittipoldi, Ed Smith, John Kozick, Claypoole, Bob and Bill Harris, Carson, Mackey, Zelm, Powell, Peters, Brammer, Siegel, Lane, Staley, Wilson, Morton, Bob Dothard, Stan and Jay Thomas, Gene and Allen Claghorn, Van-Auken, Bowman, Henderson, Caldwell, Edrop and Canfield.

These educational trips are planned for the boys, and if all plans are carried out there will be others. It is regretted that the entire transportation expense under existing conditions must be borne by the boys themselves. However, we are in hopes eventually to overcome these difficulties in some manner. Subscribers to the Troop Committee since the last report were Charles W. Eavns, E. E. Boericke and Dan Lietch.

LOCAL STUDES ATTEND HI-Y CLUB CONFERENCE

Harris Fort, of Lower Merion Club, Is Made Vice President.

The first annual Hi-Y conference of Philadelphia and suburban territory was held Saturday at the Central Y. M. C. A. Building.

Harris Fort, of Cynwyd, an officer of the Lower Merion Hi-Y Club, was made vice president of the district. Officers elected were: President, Harry Carty; vice president, Harris Fort; secretary, Ivan Gould; treasurer, Edward Irwin.

Dr. Edwin Broome, superintendent of public schools, spoke. "I have read lots of books on how to succeed," he said, "some written by successful men and others by those who were merely trying to tell one how to get ahead. The best motto I ever heard was in five words: 'Think, keep straight, don't quit.' I would like to add six words of my own: 'Learn how, get educated, know something.'"

The Rev. John R. Hart, student chaplain at the University of Pennsylvania; Benjamin H. Ludlow, State Representative; Rea McGraw and Edward McGinley, of the University of Pennsylvania football team, also spoke. The student body was presided over by Edwin D. Peake.

ORCHESTRA GIVES SUCCESSFUL CONCERT

chestra accompaniment.

The beautiful "Liebestraum" of Liszt was marred to some extent by a tendency on the part of some of the string players to sentimentalize certain themes. This resulted in a fuzzy effect in spots where clear-cut playing is essential. But the slight defect served only to emphasize by contract the general excellent playing of the musicians.

The program was rounded out by several other popular numbers, "Artist Life" of Strauss; Gavotte from "Mignon" by Thomas; "In the Mill" by Gillet, and "L'Arlisienne Suite" of Bizet. The latter number consisted of three parts, all rendered in a highly pleasing manner.

The orchestra is under the training and leadership of Adolph Vogel, a resident of Narberth, a member of the Philadelphia Orchestra and director of the Main Line School of Music. Under his efforts a group of amateurs from all parts of the Main Line have been blended into an organization whose playing is not only drawing capacity crowds to the theatre, but is attracting favorable comment afar.

Garden Day

In Narberth This Saturday

Flower Show in Elm Hall

Memorial day, May 30, in the afternoon, from 3 to 5, and in the evening, from 7 to 9, the flowers from Narberth's gardens will be on display. Some will show blue ribbons, some red ribbons and some white ribbons, but those who are interested in flowers or in the garden—and what suburbanite is not—will get together and learn much from each other.

The Children's Classes should be particularly interesting and much competition is expected for the cash prizes of $3.00 and $2.00 as well as the ribbon and the honor of being able to arrange a good looking vase or basket of garden flowers.

If you come as an exhibitor to see what you won or just to see the possibilities of your own hardy garden or if you come just out out of curiosity, the idea is—to be there.

This little Flower Show is all our own, just your flowers and your neighbor's, quantity is what makes it a success. There is a place on the schedule for everything from the garden.

Pres. McCarter To Retire From Board

Will Not Be Candidate For Re-election

C. Howard McCarter, president of the Narberth School Board, will retire from the board at the end of the year. He has requested "Our Town" to state that he will not be a candidate for re-election when his present term expires this year.

Mr. McCarter has been a member of the school board for more than a quorter century and for a large part of that time has served as president. He has given the borough in this capacity an amount of personal time, energy and service that is probably unequalled in the annals of Narberth.

Sometimes misunderstood and the object of hectic criticism, Mr. McCarter has calmly pursued the course which his long experience and personal judgment indicated to be for the best interests of the schools. He has witnessed and to a large degree personally influenced the entire development of the Narberth school systm to its present improved standing and efficiency.

The term of Jesse S. Harris as a member of the school board also expires this year. School board members are elected to serve for six years. Mr. Harris has been filling the unexpired term of Henry Rose, who resigned.

The four-year term of the burgess, Carl B. Metzger, expires this year and the present incumbent is ineligible to succeed himself.

Members of the Borough Council whose terms will expire this year are: President W. R. D. Hall, Councilmen Hugh W. Brown, Daniel Leitch and Walton M. Wentz.

The tax collector also comes up for election this year. There has been much discussion of this office during the past year and the names of three probable candidates, exclusive of the present incumbent, have frequently been mentioned.

Primary election for the nomination of candidates for these and other offices will be held on September 15. Nomination papers for candidates for the primary may be obtained and, when the requisite number of signatures have been procured, must be filed with the County Commissioners any time between July 9 and August 18, inclusive.

Winners Announced.

Announcement was made this week of the winners of the various prizes offered in the recent campaign to secure funds for the baseball team. The donors, articles and winners are:

Fathers' Association Meeting.

The next meeting of the Fathers' Association will be held at the Scout House Wednesday evening, June 3, 1925. The father of every Boy Scout in Narberth should be present as well as any other father. The future of the Boy Scouts as related to the proposed combination building on the playground is to be discussed and an expression of opinion is desired after hearing the experience of the Scout movement under similar conditions elsewhere.

Dedicate Lutheran Church Building

Ceremonies Continued All This Week

The dedication of the new Lutheran Church, in Narberth, is now a matter of history; this stupendous undertaking has been carried through to the finish and the completed building stands upon the hill for lovers of the beautiful to behold with joy. On Sunday, the 24th of May, it was with a quiet, but beautiful ceremony, set apart to the worship service of Almighty God.

The day began with a morning worship, in which the Rev. Dr. J. A. Singmaster, of Gettysburg Theological Seminary, preached the secmon. It was a masterly deliverance and was listened to intently by a large and appreciative audience. The choir sang with finest execution a most beautiful and appropriate anthem: "Open the Gates of the Temple."

In the afternoon, at 3 o'clock, in spite of the threatening weather, a large concourse of people assembled, filling the auditorium to its utmost capacity.

The Invocation was by Rev. A. C. Kanzinger, of Ardmore. An an-

GIRL SCOUTS

Hold Successful Mother and Daughter Luncheon.

Last Saturday the Narberth Girl Scouts entertained their mothers at their second annual mothers and daughters luncheon. There were about 115 present. The luncheon was held in the Y. M. C. A. building and although the day was very warm and the crowd very large the interesting and inspiring program (not to mention the delicious eats) kept everyone's mind on something besides the heat.

There were reports of the year's work. Second Lieutenant Cynthia Metzger gave a very complete report of the accomplishments of the past year. Captain Nash presented seven gold stars to seven Scouts who have not missed a single meeting this year. These were Alice Maguire, Helen Butler, Catherine Irwin, Betty, Jones, Beulah Chalfant, Kathryn Jane Miller and Evelyn Jeffries. The following Scouts missed one meeting and received silver stars: Eleanor Rowley, Emily Scott, Helen Louise Thomas, Cora Messec, Virginia Eyre, Mary Ferguson and Rosalie Mellor.

Mrs. V. Zelov, a member of the Main Line Council, spoke to the mothers and girls.

After the luncheon the girls gave their mothers a small demonstration of some of the things they have learned in Scouting and it is most interesting to see and know that they spend their recreation time in something really instructive.

Just before the close of the work the Fairy Godmother of the Narberth girls arrived. She truly is just that and the mothers are beginning to understand just why the girls are all so crazy about Mrs. Carroll B. Nichols. She is the one council member particularly interested in the welfare of the Narberth troop and everyone in the troop gives a cheer when she arrives.

Scoutmaster Cooke Resigns His Job

Will Continue to Aid in Local Troop Work

On Tuesday, May 19th, Arthur L. Cooke addressed a letter to the Troop Committee as follows: "Kindly accept my resignation as Scoutmaster of Boy Scout Troop, No. 1, of Narberth. I find that it is impossible for me to give the time to studying and teaching Scout work which it is necessary for a good Scoutmaster to give. Knowing that you have three or four able assistant Scoutmasters to carry on the work I wish to have this take effect immediately.

"I wish to thank the Troop Committee for their hearty cooperation and the many things they have done to make scouting pleasant for the Troop and myself. Sincerely, Arthur L. Cooke."

The Troop Committe have replied as follows: "Dear Mr. Cooke: It is with great regret that your letter of the 19th has been received indicating your inability to continue as Scoutmaster of Troop No. 1, of Narberth.

The committee thoroughly realizes the amount of time and labor that is involved in acting as Scoutmaster for so large an organization as we now have, and thoroughly appreciates the immense amount of effort you have made and the gratifying results obtained while you were in charge.

In accepting your resignation the committee does so with a deep sense of obligation on their part and the boys to you, and does so only to comply with your own personal request.

Sincerely yours,
William C. Claghorn, Chairman.
Arthur N. Edrop,
Jesse S. Harris,
F. A. Lanahan,
E. K. Monington,
F. T. Van Auken,
Edwin T. Wolf.

Mr. Cooke has informed the edifor that he will still assist in the work of the Scouts, having agreed to be of service to Assistant Scoutmaster Jenkins at Tuesday night troop meetings.

To Navy Yard.

On Saturday 43 Scouts under the leadership of Lieutenant Commander F. T. VanAuken, U. S. N., assisted by the secretary of the Troop Committee, gave the Navy Yard the once over. Through the courtesy of Commander Davies, second in command of the naval aircraft factory, the boys saw the manufactruing processes from A to Z, ending up by flying all the types of aircraft in the big hangar. True the ships did not leave the ground but the boys manipulated the control stick and made the wings dip and the rudder move from side to side and climbed in and out of the pilot's and observer's seats at will. One radio set combination transmitter and receiver caught the eye of some of the boys mounted compactly in the dashboard of the Scout plane. No wonder it cost over $1000.

Then the Scout Crupiser Huntington was visited and the boys manipulated the vessel even though she was at anchor. One fellow getting anxious about the eats could not resist the temptation to ring the huge gong. How-

Orchestra Reaches New Heights

Narberth Boy Soloist at Successful Concert

Amateur music reached new heights of proficiency last Sunday afternoon, when the Main Line Orchestra presented its last program of the year in the Ardmore Theatre.

Not only did the playing show the results of growing familiarity with ensemble work, but Mr. Vogel's selection of numbers was made with a considerable regard for the capabilities and limitations of his musicians.

"Pique Dame," an old favorite, by Suppe, opened the concert. It was played in a brisk and spirited fashion, well suited to its character. Music lovers, used to the playing of great orchestras, commented on the accuracy of tone and clear-cut following of the baton of the conductor.

The Main Line was called upon to furnish the composer of the second number, "Prelude and Double Fugue in D," written by Mr. J. Murray Barbour of Haverford. It is a number of some technical difficulty, testing the powers of an orchestra of 50 amatuer players.

A Narberth lad, Fred Fletcher Patten, was soloist of the day. Although but 13 years of age, he has attained to a remarkable point of proficiency with the violin. The numbers selected were the Romance from the Second Violin Concerto of Wieniawski and Van Goens' "Scherzo." Both these numbers were played with a precision and depth of tone which augurs well for the boy's future as a violinist of renown. There was little of emotion in the playing, which, perhaps is best, for it often is present at the expense of accuracy.

Both numbers were with or-

KING'S DAUGHTERS

Over 200 Attend Annual Convention Here.

The State convention of the King's Daughters which was held in the Baptist Church last week was a success in every way.

There were over 200 delegates who attended besides the New York State president, Mrs. M. W. Leibert; the president of the International Order of the King's Daughters and Sons, Mrs. G. H. Pryor, and a large number of visitors from adjacent towns and Narberth.

Mrs. Fred Derby presided in her usual happy way, and Mrs. W. J. Jones welcomed the delegates. Mrs. W. J. McCullough responded to the address of welcome.

Mrs. Leibert, ot New York, and Mrs. Pryor, Connecticut, made very instructive and entertaining addresses at two of the sessions.

An interesting pageant was given by members of the Friendship, Helping Hand and St. Paul's Junior Circles of Philadelphia.

A quartet from the First African Baptist Church of Philadelphia rendered some beautiful spirituals, which were greatly appreciated.

The rarely beautiful voice of Mrs. Elma Lowe Hutchins was heard in two solos, which were certainly an inspiration.

Mrs. Fred Derby was re-elected State president.

Mrs. W. J. McCullough, Washington, Pa., was elected vice president.

Miss M. Irene Boyer, Pottstown, was re-eltced secretary and Miss L. H. Wagner, Allentown, was re-elected treasurer.

Much of the success of the convention was due to the co-operation and generosity of the townspeople.

The Baptist Church was ideal for such an assemblage and the untiring courtesy of Miss Mazie Simpson, Miss Laura Hopper and Miss Edna Super added much to the comfort and pleasure of the guests.

The Girl Scouts and the Boy Scouts rendered most cheerfully and efficiently the task of guides to the strangers in our midst.

One of the delegates was heard to remark: "This is the happiest and most enthusiastic conventions I ever attended."

The members of the Evangel Circle are most grateful to all who in any way helped to make this convention a grand success.

Board Elects Five Teachers

Commencement Date Will Be June 18th

The teaching staff for next year in the Narberth Junior High and Elementary schools was nearly completed by the School Board at their regular meeting, Monday night. The following new teachers were elected:

Miss Frances B. Fricke will be supervisor of music, to succeed Miss Speakman, who has resigned. Miss Fricke is a graduate of Columbia and took post-graduate work at the Philadelphia Conservatory of Music. She has taught in the Swarthmore public schools and Winthrop College, N. C., and has been with the Swarthmore Chautauqua.

Miss Catharine Chapman will teach English in the Junior High She is a graduate of Wellesley and has taught for three years in the Camden, N. J. schools.

Miss Gertrude Yarnall will teach mathematics in the Junior High School. She is a graduate of Swarthmore and has taught in Milford, Del., and Ogontz, Pa.

Miss Margaret S. Weidner will be a sixth-grade teacher. She graduated from West Chester State Normal School and has taught three vears in Jenkintown.

Miss M. Louise MacMorran will teach in the third grade. She also is a graduate of West Chester, and for two years has taught in Darby.

In addition to these five regular teachers a successor was chosen to Mrs. Adelaide M. Crater, whose resignation becomes effective on September first. Mrs. Crater has been secretary of the schools for six years and her efficiency will make her loss felt. She is leaving the schools to be married.

Her successor will be Miss Frances B. de Cou, who will also teach commercial subjects. Miss de Cou is a graduate of Penn and of the Peirce Business School, and has been employed by the White-Williams Foundation and the Philadelphia schools.

It is planned to employ another male instructor in the Junior High School. He will be chosen later.

The Junior High commencement will be at 4.00 P. M. on June 18. School will close on Friday, the 19th to reopen on Tuesday, September 8th.

GARDEN DAY—SATURDAY

Memorial Day Flower Show the Big Feature.

Burning hot weather one day and almost freezing cold the next day but the hardy perennials of the garden are right on schedule, at their best for Memorial Day.

In ordinary seasons the first week in June would be the time, but 1925 is just a week early and the flowers are all here together—Bush roses, climbing roses, peonies galore, early delphiniums, late irises, late columbines and pyrethrum, sweet willia mand poppies. The flowering shrubs are blooming in our gardens and in the nurseries and they will all be at Elm Hall, Saturday afternoon and evening.

Cut flowers and flowering plants from the nurseries, garden furniture and bird houses and everything of importance and incidental to the garden.

A garden education in itself—as a flower show should be, not to be missed as it will be a whole year before the season offers a galaxy of beauty again.

Are you an exhibitor? That rose or that shrub from your garden might win a blue ribbon and it is the few flowers from each garden that makes the show.

Have the youngsters read the list of prizes and encourage them to bring their basket or vase of flowers from the garden. The prizes are surely worth while. See classes No. 37 and No. 38.

The judges are coming from out of town and will be on hand at 1 o'clock, so have your flowers over early—between 11.30 and 12.30 is the best time.

The show will be open from 3 to 5 in the afternoon and from 7 to 9 in the evening.

The classes, rules and prizes are reprinted in this issue.

$110,000 Contract is Awarded

Good Roads Company To Build Streets

Good Roads Company, Inc., of 1504 Locust street, was awarded the paving and sewer contracts at the adjourned meeting of Council last Monday evening. The Good Roads people were the lowest of 10 bidders on the paving work and the lowest of 12 on the sewer work. They were awarded the paving job at $92,077.81, and the sewer job at $12,867.

Other bidders on the paving contract and their bids were as follows: Benjamin Foster Company, $94,021.59; F. Guy Meyers Company, $96,635.45; R. H. Johnson Company, $98,260.56; Neely Bros. & Russell, $101,622.50; Knox-Mariani Company, $101,855.22; W. R. Wolfinger, $102,472.89; Monahan & Hall, $104,876; Dunleavy Bros., $110,442.65 and Haydock, Martin Company, $115,302.57.

President Hall and Councilman Brown were absent and Councilman Wentz was elected temporary chairman. Early in the meeting the Burgess raised the question as to why a contract bid from the Union Paving Company had not been given consideration. It was explained that this bid did not conform to the advertised specifications and in the opinion of the Borough Engineers was not acceptable nor eligible for consideration. A long discussion ensued, after which it was unanimously decided to follow the recommendation of the Highway Committee and accept the lowest legitimate bid.

A representative of the American Legion appeared before the meeting to request an appropriation of $100 to help defray the expenses of observing Memorial Day. After careful discussion it was decided that the present state of the borough finances would not permit this appropriation and that the Legion should be recommended to raise the money by public subscription.

A communication was received from the Narberth Community Library Association placing on record with Council its formal acceptance of the new quarters which are proposed for it on the playground by the trustees of the Y. M. C. A. fund. There was an informal discussion of this project.

Councilman Wentz brought up the subject of the large willow trees on Conway avenue which caused frequent trouble by the tendency of the roots to grow into the sewer mains and block them up. It was Mr. Wentz's opinion that these trees should be removed during the proposed improvement of that street. Mr. Leitch wanted to know if it would not be possible to lay iron pipe for the sewer and to save the trees. Discussion brought out that the cost of iron pipes was very high. It was decided to defer this matter to the Shade Tree Commission, with instructions to report on it at the next meeting of Council.

The Dr. Benjamin Rush Chapter, Daughters of the American Revolution, will hold their annual luncheon at the Rittenhouse Hotel, Saturday, June 6, at 1 o'clock.

Bake Sale.

The Rose Glen Canoe Club will hold a bake sale on Saturday, June 13, at Dando's Store.

RIVALS TO CLASH

Rivals will clash Saturday afternoon on the Cynwyd School field, when the Bala-Cynwyd and Narberth baseball teams will meet in a Memorial Day game—rival managers and rival teams.

Feeling between Cynwyd and Narberth in baseball has always been high. But in addition to this, Fred Walzer, who managed Narberth last season, will lead Cynwyd on the field Saturday. He will match managertorial wits with Bill Crowell, noted football official, who succeeded him as pilot of the Narbites this year.

Indications are that the day will be a "Memorial Day" in more ways than one. The game will be called at 3.30 P. M.

CONCERNING DOGS

To the Editor of "Our Town":

The dog situation in the borough of Narberth is becoming intolerable. I have never seen so many apparently homeless dogs. Not homeless in its true sense, as some of our most prominent citizens who own these dogs only allow them home at night to watch the home. They eat abroad and roam over the borough at will, destroying flower gardens and frightening children and adults.

My understanding is that these dogs are supposed to be muzzled, only a supposition, as far as their owners are concerned.

Changing the subject. Did anyone see the conditions last Sunday afternoon around Hampden and Windsor avenues. Ask the pastor of the Baptist Church how he navigated the avenue around 7.30 P. M.

SUGGESTIONS FROM A FAN

To the Editor of Our Town:

As a reminder to the boys on our baseball team it would be well for the welfare physically of those who patronize the team for them to use some of their surplus energy and put up a safeguard that is a safeguard.

The wire fence back of the catcher's box is only a makeshift and I am very much afraid someone is going to be seriously injured unless corrections are made.

The screen in front of the bleachers is another example of poor workmanship.

I was over Wednesday evening last to see the game and directly in front of me was a seat erected to hold about 12 people. About the eighth inning the seat collapsed carrying everyone to the ground. No one was hurt, but it looks bad. Why let the place rot?

No doubt the readers will think the writer a grouch, but I am only a spokesman for others who agree with my thought.

Go ahead and do something to make the place habitable, win or lose, in your games as long as you play clean ball we'll be down.

GEORGE D. GROVER,

NEW CHURCH DEDICATED

(Continued from the First Page)

them: "Let Them Lead Me," was sung by the choir.

Prayer was offered by Rev. Paul Wagner, of the city. A solo: "Heavenly Love," was sung by Jean Helm Allan.

The sermon was preached by Rev. J. Chantry Hoffman, D. D., secretary of the Board of Home Missions of the Lutheran Church, it was a powerful discourse leading up to the remaining portion of the exercises. An offering was received and happily, it was large and generous in response to the earnest appeals for funds to meet the demands upon the congregation at this time. The dedicatory services were brief, but beautiful and impressive, in which the pastor, assisted by the ministers, with responses by the congregation, gave the building to that God over all, who so wonderfully blessed the people and led them up to this splendid victory.

Following this, was a solo: "Come Unto Me," in sweetest tones, most touching and impressive manner, by Mrs. Florence Woerner Bailey, of Narberth. The services closed with Doxology and Benediction.

In the evening the address was delivered by Dr. S. D. Daugherty, Superintendent of Missions for the East Pennsylvania Synod of the Lutheran Church.

It was given in a most forceful and compelling manner. Dr. Daugherty is well known in Narberth as the organizer of this congregation and a strong supporter of it.

Mr. William Koch, Jr., of Narberth, a singer in the city, sang a solo in his usual forceful manner, and Melvin Buchanan, a delightful violinist, played "Largo," most agreeably to all.

Thus ended the services of the day, a day to be long remembered as having given to the Narberth Lutherans a beautiful house of worship—the glorious result of their years of faithful labors, gifts and prayers.

BASEBALL

Townsend hurled Narberth to another victory in the Main Line League, when he held the Paoli club to five scattered hits and struck out 10 men, last Saturday. Score, 11 to 3.

The Women's Foreign Missionary Society of the M. E. Church will meet at the home of Mrs. Christian Gross, No. 322 Dudley avenue, next Monday, at 2.30 o'clock.

Members are requested to bring their mite boxes or offerings for the Laura White Fund.

ELECTRIC LIGHT IN JAPAN

What nation uses most electric lighting in its homes? It is something of a shock to Americans to learn that it is the Japanese. In the United States 39,000,000 people live in homes lighted by electricity and in Japan only 23,000,000; but in proportion to population the Japanese are ahead of us. There are 59 per cent. of them using electric lights, and only 57 per cent. of us. The Germans, next in order, lag far behind.

This is a good thing to remember, in a country which regards the use of electricity in any form, especially in the form of light, as a symbol of human progress, says the Reading Tribune. The electric light originated in America. It was first developed industrially here. Yet Japan has taken up this advanced idea, like many others, and gone ahead of her Western competitors.

Miss Constance Wells, of New York, is spending two months, as the guest of Mr. and Mrs. Harvey B. Austin, of Essex avenue. Miss Wells will sail in July for an extended tour of Europe.

The Misses Margaret and Katharine Eckbert entertained Mrs. Margaret B. Baker, of Baltimore, last week-end.

Judge W. M. Maurer, Attorney General of Oklahoma, was the guest this week of Mr. and Mrs. J. C. Graham, of Merion avenue.

The Man Who Loves a Garden.

The man who loves a garden
Will never break his heart,
Will never have it harden,
Nor stand from life apart.
Oh, if you love a garden
You'll have a love more true
Than ever friend or book can lend—
A garden's love for you!
The man who loves a garden
Despair can never know.
The man who loves a garden
And helps it thrive and grow.
He'll never lack these treasures:
Peace and contentment true.
The man who loves a garden—
I hope that he is you!
—Mary Caroline Davies in The Farm Journal.

The woman or girl who loves a garden will also find that while the garden is not everything in life it does add very much to the fullness of life. The same interest in nature, which is the very basis of the garden, is an interest that is bound to help make a not only fuller life but a better life—one that is constructive, healthful, character building—in that it teaches patience, optimism and joy of constructive labor.

People who choose the suburbs in which to make their homes must be impelled by a sense of appreciation of nature, yet it does seem at times that a great many expect nature to make a beautiful country, or a beautiful community, unassisted.

Beautiful trees and well-kept green lawns are the first necessities for the setting of a home, or in fact, any building that pretends to be a real piece of artistic composition, but if all our homes stopped with the trees and lawns the passing of the seasons would be but a dreary procession.

The garden is the answer, of course, and there are many ways of gardening, but no matter what kind you choose the pleasure is there just the same.

Early June gives us the burst of summer flowers, columbines, poppies, the last of the irises, peonies, roses, pyrethrums and other hardy plants that are the mainstay of the garden.

Then let us learn more about them. If we know a lot there is a lot more to be learned by visiting other gardens. Progress is the watchword of the gardner and plantsman, a pleasurable road without end.

If we know but little about the things from the garden then let us go where we can see the flowers and meet those who know them, to the flower shows.

The Pennsylvania Horticultural Society will stage a Spring Flower Show combined with the National Peony Show of the American Peony Society in Memorial Hall, Fairmount Park on Saturday, June 6, and Sunday, June 7. All flowers shown will be garden grown.

Somebody's ordering some pleasure-packed coal. Somebody's stealing a march on winter. Somebody's awake at the switch—and we hope it's you. Happy is the man who sees the Heat Folks tucked away in his bin before September wanes. If you value your comfort and peace-of-mind now is the time to invite the Heat Folks into your cellar. If you want to measure the wisdom of a man, take a peek at his coal bin before October.

LOWER MERION HIGH NEWS

Measure for Development.

Measurements as to the development of students in height, muscle and chest expansion were taken by the physical directors, Miss MacGowan and Mr. Gregson, during gym periods last week. The number of pounds gained in weight also is a deciding factor as well as the individual student's activities in scholastic athletics in the awarding of the cups given annually, one to the girl and one to the boy having shown the greatest physical development during the scholastic year. The trophies of last season were won by Miss Helen Marshall and Folwell Scull and were presented at the commencement exercises.

The annual scholarship is now the subject of much discussion as to the winner. Applicants for this scholarship must fill out data blanks and return the same to the committee on scholarship fund. This being the season of scholarship competition many senior students at the high school are filling blanks, taking tests and other requirements in hopes of winning one of the many scholarships.

Interclass Meet.

An interclass track meet is to be staged on Monday afternoon, June 1, at 3.30 sharp. Cups are to be awarded to the high point scorers of the Senior, Junior and Sophomore Classes.

First place winners of events in the recent Sophomore Class meet were presented medals in assembly on Tuesday morning. An unexpected and surprising wealth of material turned out and prospects for future track teams are not quite so dull. The medal winners were: Gibson, winner of the high jump, 100-yard dash and discus; Ryan, winner of pole vault, broad jump and shot put; Nelson, winner of 440 dash and 220 low hurdles; Lockwood, winner of 220 dash; Zeperlen, winner of javelin, and Eelin, winner of 880.

Nine Suffers Reversal.

May 22 the baseball team suffered an unexpected defeat at the hands of Lansdowne by a score of 10 to 6. The red and gray machine getting an early jump on the Ardmoreites held the lead easily throughout the game.

However, the baseball team may be down but never out. On May 26, at home, the Merionites socked the strong Chester aggregation in a closely contested game, 3 to 2. Chester, who is at the top of the Suburban Class A League, was the heavy favorite, but the Fowlerites, with classy teamwork and support, nabbed the lead in the first inning keeping it throughout the nine innings. Ruddick and Fuller, Merion twirlers, pitched stellar ball in holding the shipworkers to a low score. The win over Chester gives the locals a chance in tying for first place in the Suburban League if they should win over Norristown.

Net Men Win Finals.

The tennis team ended its scheduled season with a successful round of matches by a whitewash triumph over Haverford School to the tune of 5 to 0. Throughout the year Wanamaker and Custer weilded stellar racquets for the Merion men and greatly responsible for the showing of the Maroon and White racqueteers. Bevan and Reinhold also played well, while Sellers and Hamilton shared also in the making of the team. The following men will probably receive letters, having completed the necessary number of games: Wanamaker, Custer, Reinhold, Sellers and Hamilton.

Hi-Y Convention.

The Hi-Y conference and convention held on Saturday morning and afternoon at the Central Y. M. C. A. turned out a huge success and benefactor to the Lower Merion Chapter. The program opened with talks by presidents of various Hi-Y chapters and afterwards the election of Philadelphia district officers. Lower Merion placed two men in the election, Harris Fort, vice president, and Ivan Gould, secretary.

An old New York farmer attended a big picnic at Binghamton and stayed over to watch the dancing at nite. He hadn't been out in the world much, and he was deeply impresst with the girls' clothes at that dance.

"Some of the ladies' clothes I see here," he said, "plumb puts me in mind of a barb-wire fence."

Somebody askt him why.

"Well," said he, "It's this way—they appear to protect the property without obstructin' the view."

NEW POLO TOURNEY AT COUNTRY CLUB

Intercircuit Championship Will Be Staged on Bala Oval.

The picturesque Bala Oval, where many national and international polo games have been played, will soon be the scene of the Intracircuit Championship. This competition is a new event on the polo program and promises to become one of the most popular fixtures of future seasons.

It will bring to the Philadelphia Country Club, which has been selected as the site for the Southeastern circuit tournament, teams representing seven different sections of the country. The Philadelphia Country Club will enter for this section a team qualified to meet these representatives on Saturday, June 6.

In seven other circuits elimination contests are being played, and the winners of each section will come together at Bala in September to settle the national supremacy. Already the Fort Bliss team, a military combination from El Paso, Tex., has qualified by winning the tournament in the Southwestern circuit, and the San Mateo team, from California, has earned a place in the national championship tournament by defeating its many rivals in the Pacific Coast circuit event.

The New England teams will compete next month, and combinations also will qualify from the Rocky Mountain, Central, Eastern and Southern circuits.

The intercircuit contests are limited to teams of 12 goals handicap, allowing every club in the United States Polo Association to put a representative team in the competition, standing equal chance with the representatives from other sections of the country.

Just what team will seek the supremacy of the Southeastern circuit is still a question, as entries will not close until the end of this month, but it is probable that at least three teams will enter from Philadelphia with Bryn Mawr, Philadelphia Country Club and the City Cavalry, all members of the Southeastern circuit.

Rumson Country Club is another likely entry, while Pennsylvania Military College, Penllyn, Fauquier County Country Club, Fort Hoyle, Fort Humphreys, Fort Myer and Washington, D. C., are other teams eligible

Fence Posts That Last

Concrete fence posts need no paint or repairs; they cannot rot, but grow stronger with age. They present a neater, more efficient appearance and hold the wires securely—forming a safe enclosure for field or yard. They can be made indoors during the winter and set up in the spring.

If you make them yourself your building material dealer can give you an Atlas book that tells you how—or he can direct you to a concrete products plant where you can buy them ready made.

Of course, you will want to be sure your concrete is made with Atlas Portland Cement.

2% OF THE EQUIPMENT

YOUR telephone contains more than 200 separate parts.

But it represents merely 2 per cent. of the equipment required in completing a call.

At the central office the operator—and on certain types of calls two or more are required—finds twenty-five things to be done in setting up and supervising the connection.

The equipment she brings into action, exclusively for each call, numbers 600 additional parts, aside from the two telephone instruments through which the caller and the called are brought "face to face."

These 600 parts are largely interdependent in their operation. None can go wrong without affecting the quality of the service. And they, just as the component parts of the telephone instrument itself, are responsive to the clear enunciation, in a moderate and even tone, of words spoken directly into the mouthpiece of the transmitter.

The maintenance of this unseen switching mechanism, subject to call on a moment's notice from any Bell telephone to nearly a million other destinations in Pennsylvania, is one of the most important functions of our Plant Department force of 7,200 men and women.

COTTER'S MARKET

LACK OF INITIATIVE, that form of business static which makes a merchant a follower instead of a leader, will take from him much of the recompense, the pleasure and the impetus of individual accomplishment, and may only be corrected by putting into practice some of the "fool" ideas conceived and proven sound that need only to be "worked" to work. Should we and you as customers and merchants endeavor as arduously and determinately to clear up static in our business as the radio students are to eliminate atmospheric static, a big stride forward might be made in increased mutually profitable business relations between a much larger number of customers and ourselves, due to a clearer realization of our satisfactory and economical business methods and to the value of a reliable store in these days of the "interfering" competition of the chain store system.

How One Man Provided

To my dear Wife:
The enclosed Life Insurance Policies I have taken out for you and the children; one is the Mortgage Policy for $3000, which will leave our home to you and the kiddies free and clear.
You will also find two Education Trust Fund Policies which will enable the children to have the education we planned for them. There is also a Policy paying you $190 per month until the children are self-supporting and then $75 per month to you as long as you live.
With all my love,
YOUR DEVOTED HUSBAND.

It Costs Nothing to Receive Information, yet it may prove invaluable in the future—if not now.

LOCAL YOUTHS FEEL THE AQUATIC URGE

Narberth Canoe Club Again Active.

Once more Old Sol has begun his work of warming up the dancing wavelets of the Schuylkill and the Rose Glen Club of enthusiastic canoeists and swimmers are right on the job to enjoy another full season on the water. Already a new 20-foot dock has been constructed to replace the floating anchorage of last season, which was swept away in the flood of last February and is probably now reposing gracefully in some one's back yard down at East Falls.

The white stone clubhouse has been newly whitewashed and trimmed in green on the outside, while the interior has been calsomined and varnished in a real shipshape manner. Plans are under way for a spring regatta when the club's fleet of eight Old Towns will ascend the river in a body to Lafayette Island by way of celebration. A lawn party and strawberry festival is in progress on Caldwell's lawn, to which the public will be invited. On Saturday, June 6th, the club will hold its annual bake sale at Dando's, where an especially choice array of home-made goodies may be had by purchase or order.

At a recent election the club chose the following to carry on the summer program:

Commodore, John McNevin.

Quartermaster, Henry A. Smith.

Chief Petty Officer, James Hutchinson.

Purser, Frank Hutchinson.

All of the fifteen members are residents of the borough, who organized last year and purchased the property from the old Rose Glen Canoe Club, some of whose members are still in Narberth and Cynwyd, and who built the club themselves back in 1909, when Gladwynne Station on the river was called Rose Glen, hence the name of the club.

The place makes an ideal week-end outing headquarters and each member, together with friends and relatives enjoy the healthful pleasures of aquatic sport to be obtained there.

Another Animal Story.

It was at the dog show and a young lady was examining the dachshund, to which she had taken a fancy. She turned to the owner who was trying to sell the dog, and said: "Cute little thing, isn't he?" But before I buy him, tell me, is there anything the matter with him?"

The owner hesitated a moment, and then answered: "Well, ma'am, I'll tell you. He's really got two flaws."

"Dear me!" said the young lady in a surprised voice, "two floahs! Why, he looks more like a bungalow."

MOVES INTO GYM

Library Occupies Larger and More Adequate Quarters.

Through the courtesy of the Women's Community Club, who are lesees of the former Y. M. C. A. community rooms, the Library was enabled this month to move into the old gymnasium, which in size, wall spaces and light makes an almost ideal library room. The moving of 4000 books and the corresponding shelves and bookcases presented a serious physical problem which was greatly relieved by Mr. R. G. Aungst, who volunteered a whole day's work one Saturday.

On the following Monday the entire staff gathered at the Library early in the morning and as a result of Mr. Aungst's labors they found all of the cases securely in place and all of the heavy pieces of furniture already moved. It required much hustling by the staff to get all of the books properly arranged on the shelves and ready for the Library to carry on its normal activities at 3 P. M., which is the regular opening time. Everything was completed, however, excepting the moving of the reference department from the balcony in the lobby to the balcony in the gymnasium. This was accomplished later in the week by the Reference Librarian, Mrs. James Donnelly, and her assistant, Mrs. Clifford Bates.

The larger floor space made it immediately apparent that two large-sized reading tables were needed, and an appeal for them was printed in this column. The response was immediate and came in the form of two entirely serviceable dining room tables from Mrs. Raymond Jones and Mrs. R. G. Aungst. In addition, much-needed shelves were contributed by Mrs. Robert J. Nash. Benches for the children's department have been bought and are now being painted and decorated by Mrs. Harvey Harman and Miss Marjorie Cowin.

SCOUTMASTER COOKE RESIGNS HIS JOB

(Continued from the First Page)

ever, before eating the entire crowd climbed down the scuttle of the submarine O 26 and inspected the wonderful instruments, engines, torpedo tubes and the entire inside of these terrors of the sea. The boys then had to eat, and while eating voted the trip well worth while. The Souts were Clyde Jones, McCartan, Bob Young, Butler, Reger, Purring, Burns, Ed and Gordon Wolf, Casey, McKelvey, Parks, Art and William Bailey, Ed and Nick Fittipoldi, Ed Smith, John Kozick, Claypoole, Bob and Bill Harris, Carson, Mackey, Zelm, Powell, Peters, Brammer, Siegel, Lane, Staley, Wilson, Morton, Bob Dothard, Stan and Jay Thomas, Gene and Allen Claghorn, VanAuken, Bowman, Henderson, Caldwell, Edrop and Canfield.

These educational trips are planned for the boys, and if all plans are carried out there will be others. It is regretted that the entire transportation expense under existing conditions must be borne by the boys themselves. However, we are in hopes eventually to overcome these difficulties in some manner. Subscribers to the Troop Committee since the last report were Charles W. Eavns, E. E. Boericke and Dan Lietch.

LOCAL STUDES ATTEND HI-Y CLUB CONFERENCE

Harris Fort, of Lower Merion Club, Is Made Vice President.

The first annual Hi-Y conference of Philadelphia and suburban territory was held Saturday at the Central Y. M. C. A. Building.

Harris Fort, of Cynwyd, an officer of the Lower Merion Hi-Y Club, was made vice president of the district. Officers elected were: President, Harry Carty; vice president, Harris Fort; secretary, Ivan Gould; treasurer, Edward Irwin.

Dr. Edwin Broome, superintendent of public schools, spoke. "I have read lots of books on how to succeed," he said, "some written by successful men and others by those who were merely trying to tell one how to get ahead. The best motto I ever heard was in five words: 'Think, keep straight, don't quit.' I would like to add six words of my own: 'Learn how, get educated, know something.'"

The Rev. John R. Hart, student chaplain at the University of Pennsylvania; Benjamin H. Ludlow, State Representative; Rea McGraw and Edward McGinley, of the University of Pennsylvania football team, also spoke. The student body was presided over by Edwin D. Peake.

ORCHESTRA GIVES SUCCESSFUL CONCERT

(Continued from the First Page)

chestra accompaniment.

The beautiful "Liebestraum" of Liszt was marred to some extent by a tendency on the part of some of the string players to sentimentalize certain themes. This resulted in a fuzzy effect in spots where clear-cut playing is essential. But the slight defect served only to emphasize by contract the general excellent playing of the musicians.

The program was rounded out by several other popular numbers, "Artist Life" of Strauss; Gavotte from "Mignon" by Thomas; "In the Mill" by Gillet, and "L'Arlisienne Suite" of Bizet. The latter number consisted of three parts, all rendered in a highly pleasing manner.

The orchestra is under the training and leadership of Adolph Vogel, a resident of Narberth, a member of the Philadelphia Orchestra and director of the Main Line School of Music. Under his efforts a group of amateurs from all parts of the Main Line have been blended into an organization whose playing is not only drawing capacity crowds to the theatre, but is attracting favorable comment afar.

The advertising columns form a directory of progressive merchants. Refer to them often.

Garden Day

In Narberth This Saturday

Flower Show in Elm Hall

Memorial day, May 30, in the afternoon, from 3 to 5, and in the evening, from 7 to 9, the flowers from Narberth's gardens will be on display. Some will show blue ribbons, some red ribbons and some white ribbons, but those who are interested in flowers or in the garden—and what suburbanite is not—will get together and learn much from each other.

The Children's Classes should be particularly interesting and much competition is expected for the cash prizes of $3.00 and $2.00 as well as the ribbon and the honor of being able to arrange a good looking vase or basket of garden flowers.

If you come as an exhibitor to see what you won or just to see the possibilities of your own hardy garden or if you come just out out of curiosity, the idea is—to be there.

This little Flower Show is all our own, just your flowers and your neighbor's, quantity is what makes it a success. There is a place on the schedule for everything from the garden.
